Millions of dollars in delinquent taxes and penalties will be collected, the internal revenue bureau estimates, as the result of a nation-wide tax drive ordered to begin in July by Commissioner Blair. "Flying squadrons" are to visit every large city in the country.

Special attention, Mr. Blair said, will be directed to the collection of the excise tax on sales of manufactures, the transportation tax, the socalled luxury tax and taxes on jew-

As is made and provided in such cases, the merry food dealer, like the legion of misguided souls who went before him, went too far. The worm has turned!

There is a well-defined movement back to balk in food packing. The housewife is curious to know, and courageous enough to ask, these days, why, and how. Why she must pay double price for the food she buys in the pretty package. How, in answer to the stereotyped joke about its being more "sanitary," the grocer can keep her table absolutely immune from danger as long as meats and fresh vegetables remain unsealed.

The evolution from the clean, safe wooden barrel and keg to the expensive fractional paper, glass and tin container, has been an interesting one. And it has been a highly profit-

It is an insult to the intelligence of the American woman to say that it is necessary to deliver her food in an expensive small package. And there will always be groceries whose owners protect her health by keeping their premises sanitary. Competition will probably go much further in insuring this protection in bulk dealing than will the small package. And bulk shipping and bulk buying will loosen the strings of food price con-

WESTERN REVOLT ON TARIFF BILL

The Republican Ways and Means Committee is having serious trouble with its high tariff program and Chairman Forney was charged by a Middle Western group with propos ing to build a non-scalable tariff wall around the United States. The entire Minnesota delegation, solidly Republican, has voted to oppose a tariff on lumber and claims to represent the entire middle west and the so-called agricultural block.

Five Western Legislatures, Minnesota, Michigan, Wisconsin, Kansas and Colorado, have all protested a tariff on lumber. The lumber interests in general are not demanding protection. The Eastern manufacturers take a view that a high tariff cripples the bpying power of foreign customers and it is understood that the large banking interests have no sympathy with the high protective policy on account of international trade conditions. The members of the committee refused to accept the wool schedule as written by a couple of woolen manufcturers and presented by Chairman Fordney.

The tariff is the only definite policy the Republican administration has advanced so far, but, as Mr. Harding remarks, "Government is very simple thing after all."

"THE GOOSE THAT LAID THE GOLDEN EGG.'

"The Goose That Laid the Golden Egg" is the first of "Aesop's Film Fables" to be shown on the screen Fables Pictures, Inc., the producers of this cartoon feature, drawn by Paul Terry, chose this story to in-augurate the release of the series through Pathe as it is one of the

most famous Aesop volume.
With his skillful pen guided by a teen sense of humor, Cartoonist Paul Terry has drawn what is conceded to be the best examples of animated drawings ever shown on the

"Failure is the reward of greed" is the moral of this film fable. Paul Terry's comic treatment of the theme drives home the lesson in rapid-laugh fashion. The unusual popularity of Aesop's Fables down through the ages to this very minute attests to their entertainment appeal.

HARDING TO STUDY THE RACE QUESTION

President Harding in a letter to the National Association for the Advancement of Colored People, made public in New York, said he planned to proceed as early as possible to study the race question with a view to ameliorating treatment accorded to Negroes as outlined in his mes-sage to Congress.

"I feel strongly," he added, "that there is opportunity for accomplishment of great and lasting good and that whatever measures will enlist the co-operation of intelligent and broad leaders of both races will serve the most useful purpose."

HARVEY'S CIVIL WAR ANCES-

In advocating Ambassador Harvey's recall Senator Harrison quoted from a speech made by Mr. Harvey in 1904, previously quoted in the House by Representative Stevenson (Dem.) of South Carolina, in which Mr. Harvey, with the alleged purpose of vey, with the alleged purpose of carrying favor with his Southern audience said that his two grandfathers, his own father, and nine uncles, all Northern men, had refused to fight against the South; that eleven of them hired substitutes and one uncle went to jail rather than do that.
